

DO YOU WANT TO OPTIMIZE OUR WEBSITES AND DEVELOP ONLINE LEARNING PLATFORMS?

As an IT intern at Dansk Skoleskak (Danish Scholastic Chess Federation), you will work with everything from optimizing websites to the development of online learning tools. You will develop your skills in different areas, including programming, versioning control system and websites.

Tasks

You will be a part of the team working to assure that we have the best code ensuring that everything works at skoleskak.dk, in our member system, at our learning platform and our other IT systems. You are the one ensuring that 45,000+ youth and kids have a great experience with online learning via scholastic chess contributing to our vision of scholastic chess being synonymous with learning, concentration and skills development – also online. Tasks could include:

- 🔧 Optimizing our websites incl. skoleskak.dk
- 🔧 Developing online learning tools
- 🔧 Developing and implementing new features for our member system
- 🔧 IT development and optimizing

We need you...

If you are up for a challenge! It is important to us that you experience a professional development during your stay. The learning curve is steep – which makes gumption and the desire to solve big and small tasks with equal commitment and professionalism important. You enjoy working independently and analytically in an environment where the road from idea to action is short – and your ideas are welcome. You are studying at KEA, ITU, DTU or similar, and you properly know Wordpress, PHP, Laravel, MySQL, jQuery and JavaScript.

We offer...

An educational semester, with a possibility to test your skills in a professional organization. A dynamic, young and informal environment where you will be responsible for your own tasks and work in teams with your colleagues. Coaching in regards to skills and tasks will happen at development meetings with a training supervisor.

Info

We hope to have you on board from August to December 2017 (can be planned individually). Work hours are 37h a week at our office in central Copenhagen.

The job opening was posted the 28th of March. We close for applications when we have found the right candidate. [Send your application via this link.](#)

About us

The Danish Scholastic Chess Federation is a socially engaging children- and youth organization working to create learning and education. Principals, teachers and students founded the organization in 1960. Today Scholastic Chess is an educational offer at more than 500 schools in 90 municipalities, because it strengthens student's professional and social development. Find out more at www.skoleskak.dk.
