

DEVELOPER (FULL STACK) FOR DANISH SCHOLASTIC CHESS FEDERATION

We make your code make sense! Your solutions will be launched immediately, and help make a difference for the 60,000 children who develop social and mental skills through Scholastic Chess, and the 600 schools and 1,920 teachers who organize Scholastic Chess in Denmark.

UNIQUE POSITION ON THE SCHOLASTIC CHESS TEAM

Our current developer of 7 years is moving on to new challenges. Therefore we have a unique job opportunity as full-stack developer with a key role in a dynamic team, that already includes an in-house graphic designer, learning consultants and CLO (Chief Learning Officer). Our organization is ambitious and results-oriented, and we value energy and passion above chess moves.

TASKS

The work tasks are versatile. We think in agile ways, and develop MVP (Minimum Viable Products). With us, there are no long-term specs, so you can focus on further development of our teaching platform GAMBIT®, and the IT systems that support the organization and data-informed decisions.

OUR TECH STACK INCLUDES

- LAMP (Linux, Apache, MySql/RDS, PHP)
- Laravel
- jQuery
- Bootstrap CSS
- AWS & Git

THE IDEAL CANDIDATE WILL BE ABLE TO

- Design and write code using design patterns, standards / best practices
- Develop robust, secure and fast digital products and applications
- Contribute to simplify and improve digital infrastructure
- Maintain system performance by monitoring, identifying and correcting errors
- Continuously update technical knowledge and skills, e.g. by attending external courses

WAGES, WORKING HOURS ETC.

The position is full time and starting as soon as possible. Salary according to qualifications. The Danish Scholastic Chess Federations HQ are located in Copenhagen, but you have the option of working from home, no matter where in the world you live.

APPLICATION

We encourage everyone regardless of age, gender, ethnicity and geography to apply. Interviews will be conducted on an ongoing basis, and recruitment will cease when we have the right candidate. Send a short application and CV via [Skoleskak.dk/job](https://skoleskak.dk/job).
